\* Non-Income producing security.

- (A) Variable or floating rate security. The rate shown is the effective interest rate as of period end. The rates on certain securities are not based on published reference rates and spreads and are either determined by the issuer or agent based on current market conditions; by using a formula based on the rates of underlying loans; or by adjusting periodically based on prevailing interest rates.
- (B) Perpetual security with no stated maturity date.
- (C) The issuer is, or is in danger of being, in default of its payment obligation.

- 
- (D) Interest rate represents the security's effective yield at the time of purchase.  
(E) Level 3 security in accordance with fair value hierarchy.
